

TOPIC: Art  
GRADE LEVEL: 1 - 3  
TIME: 30 - 40 min.

## BUG NUMBERS

**OBJECTIVE:** The student will learn how to make a bug out of numbers.

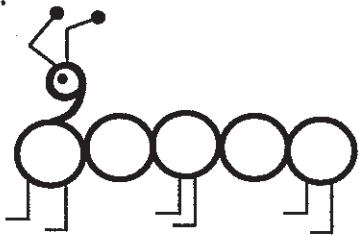

### MATERIALS NEEDED:

1. Crayons.
2. Art paper or worksheet for each student.
3. Chalkboard or large paper for demonstration.

### PROCEDURE:

1. Explain that the students are going to make a bug by choosing one of the numerals 0 - 9.
2. Demonstrate by writing a numeral (0 - 9) with a heavy black crayon on large paper or with chalk on the chalkboard.
3. Add a body and legs using other crayons.

### EXAMPLE:

4. If the students cannot write their numerals, put them on a worksheet or chalkboard.
5. You may also use the alphabet, either manuscript or cursive, to do this activity.

### EXAMPLE:

6. Use for display or send home.
