PLANT PLAN

OBJECTIVE: The student will plan and create an imaginary plant.

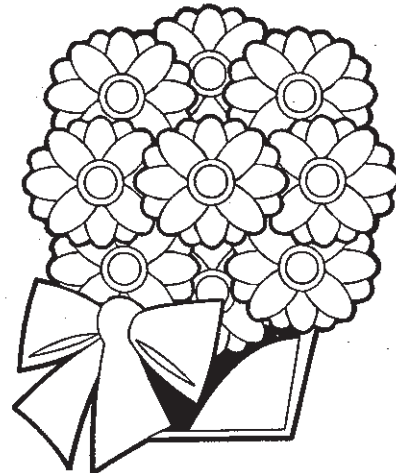

MATERIALS NEEDED:

1. Copies of the Student Activity Sheet (optional).
2. Paper and crayons.

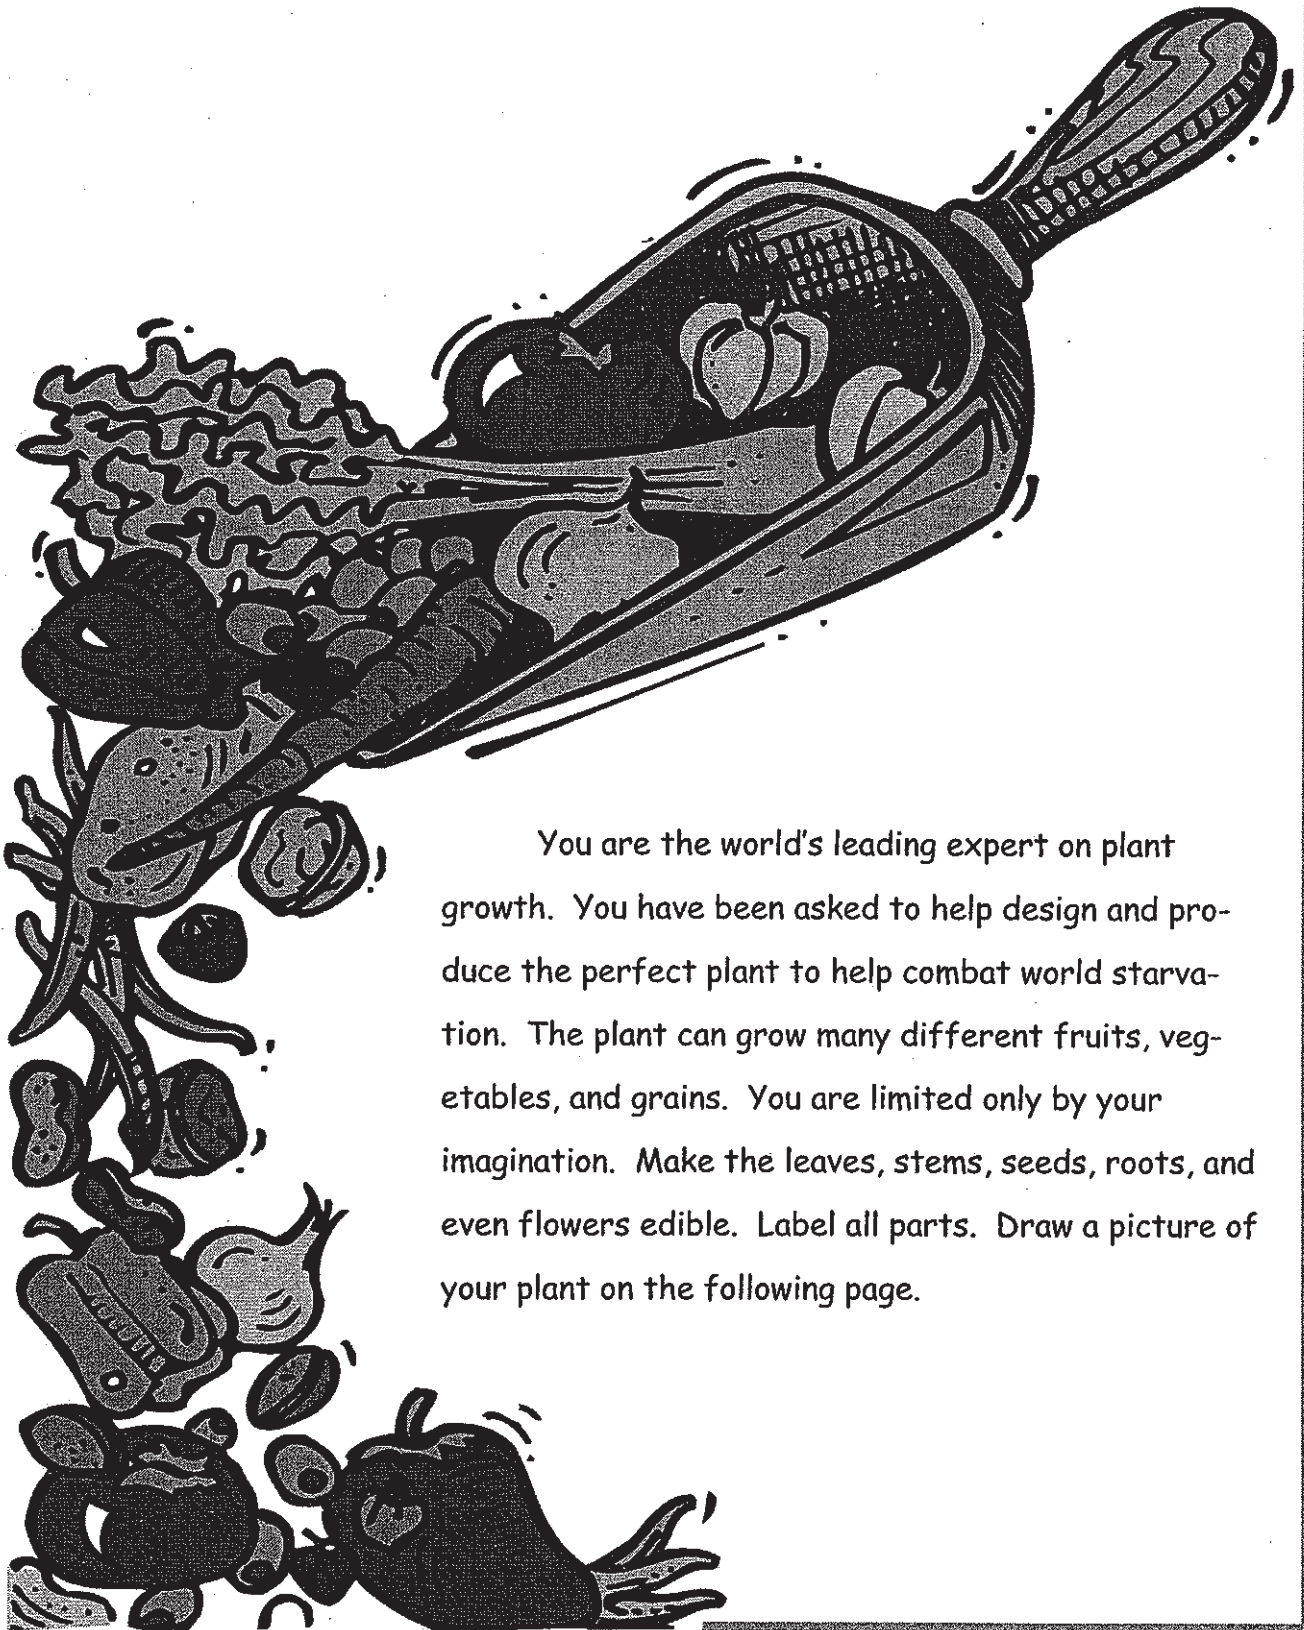

PROCEDURE:

1. Read to or with the students the directions from Student Activity Sheet 1.
2. Discuss some possibilities with the students, i.e., loaves of bread for leaves, pumpkins as blossom centers, etc.
3. Have the students plan and create as many plants allowed by time and interest.
4. Have the students share their drawings.

Plant Plan

You are the world's leading expert on plant growth. You have been asked to help design and produce the perfect plant to help combat world starvation. The plant can grow many different fruits, vegetables, and grains. You are limited only by your imagination. Make the leaves, stems, seeds, roots, and even flowers edible. Label all parts. Draw a picture of your plant on the following page.
