INDUSTRIAL ARTS WORD SEARCHES

OBJECTIVE: The student will review basic vocabulary in this subject area.

MATERIALS NEEDED:

1. One copy of each word search paper for all students.
2. Transparency of Teacher's Key to be used on an overhead projector for easy class checking of completed word searches - OPTIONAL.

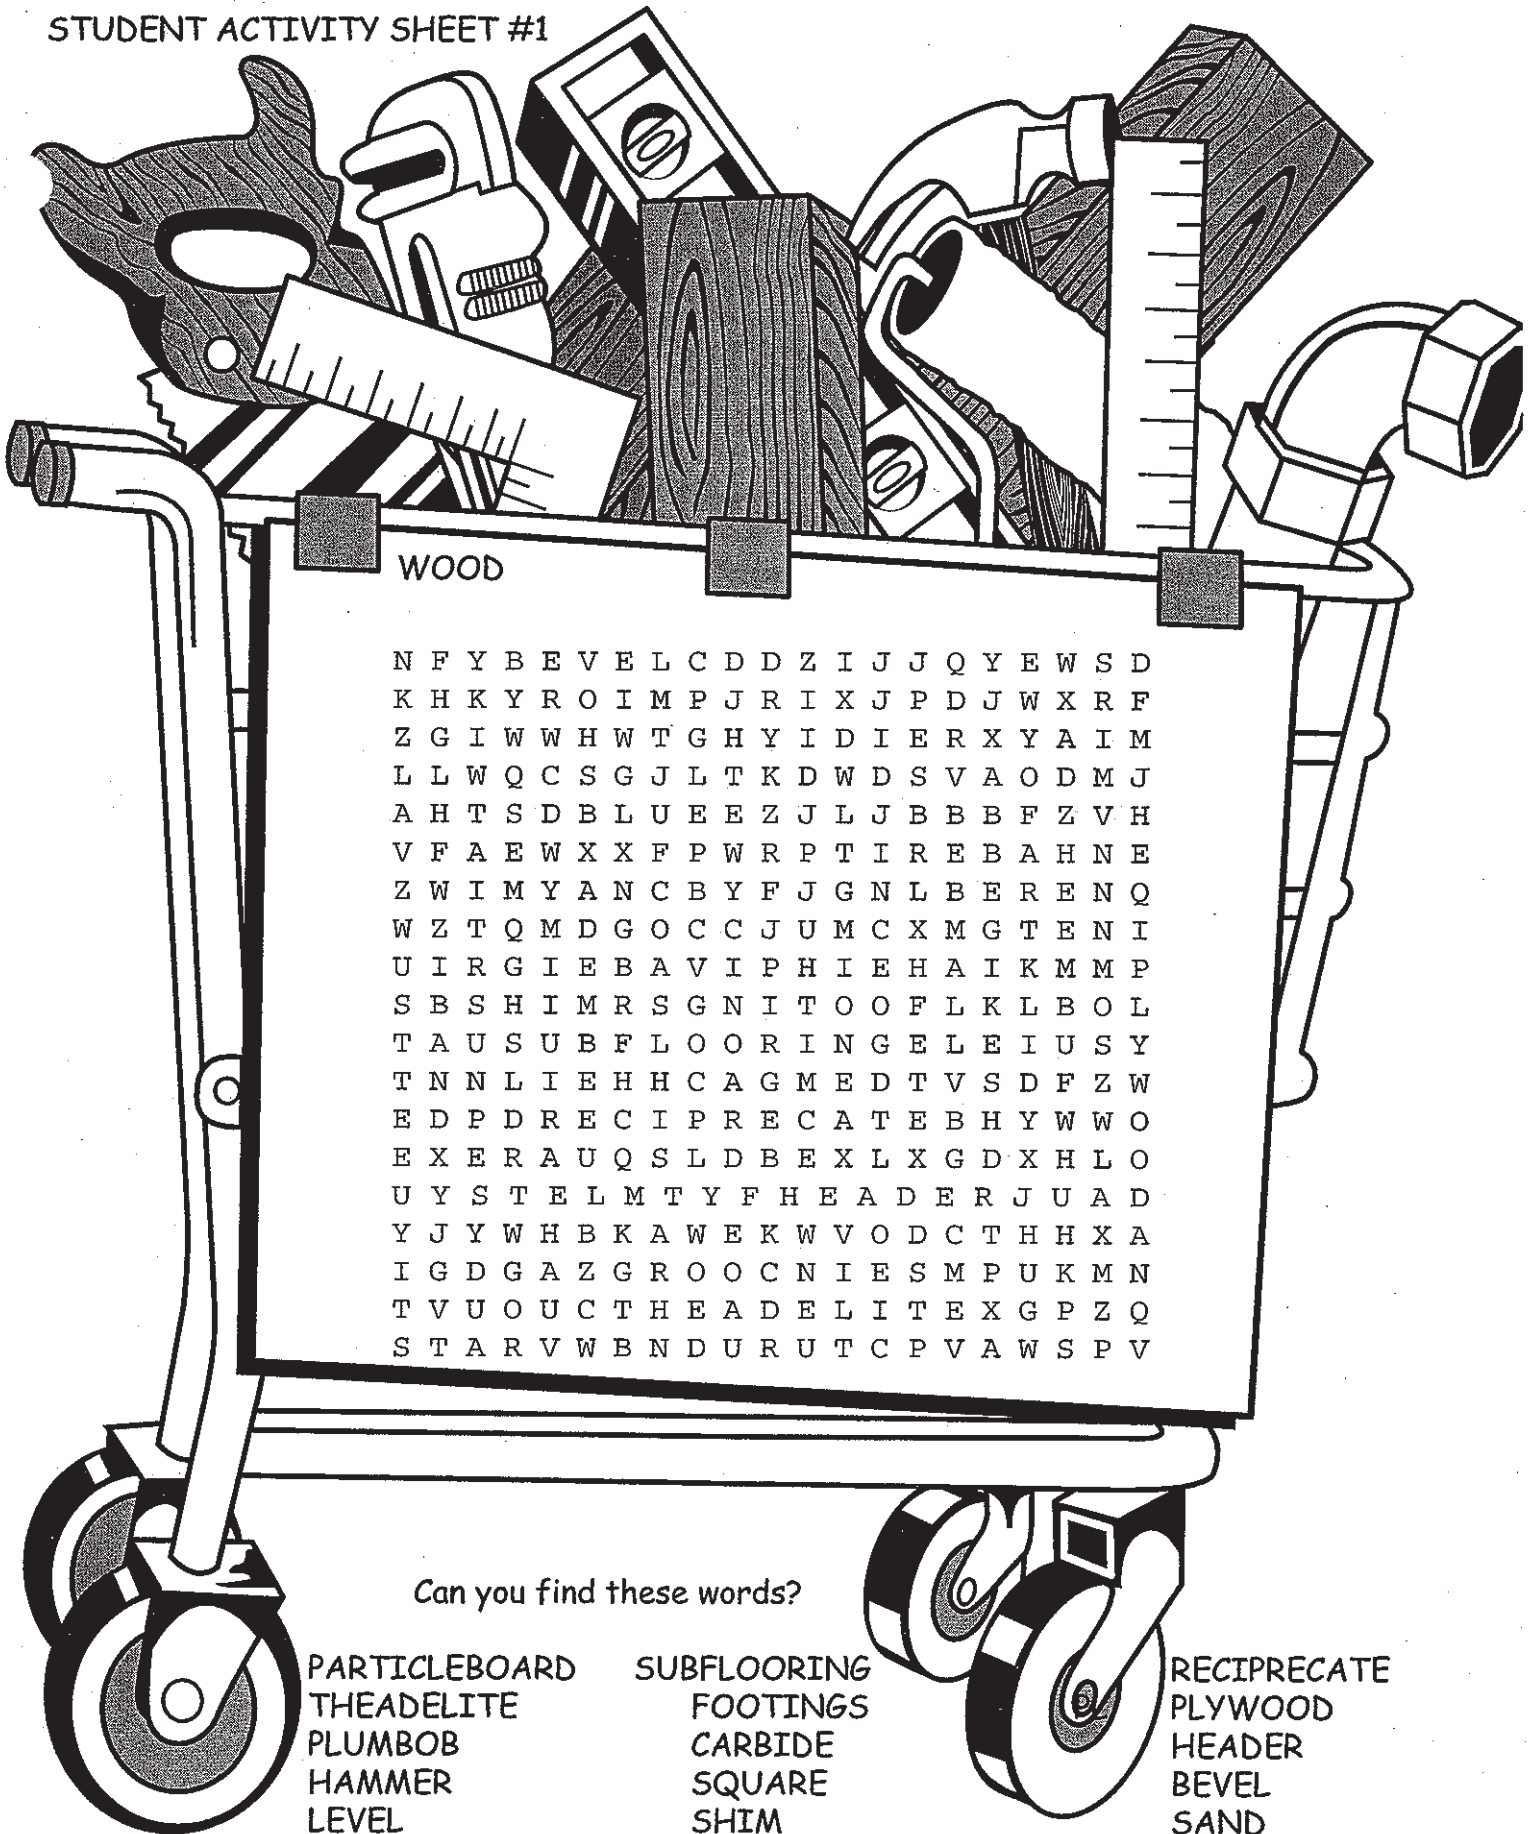

PROCEDURE:

1. Discuss and define the vocabulary to be found on each word search.
2. Distribute word searches to class members.
3. Students may work in teams of two or complete the word searches as an individual assignment.
4. Check completed assignments in class and/or collect for teacher evaluation.

EXTENDING THE ACTIVITY

1. Assign students to make their own related vocabulary list and then design their own word search and key using those words.
