

Annette Huff

Administration Experience:

Principal, Mountain Shadows Elementary 2012-2013

Principal, Jordan Hills Elementary 2006-2012

Asst Principal, Jordan Hills Elementary & Welby Elementary 2005-2006

I am a creative and experienced principal seeking opportunities to share my knowledge and use skills and available resources to establish positive learning environment for students. I enjoy sharing my expertise and leadership skills to help teachers and pre-service teachers develop strategies that will improve student learning in their classrooms. I have achieved strength in classroom management and teaching pedagogy as well as understanding of researched based instructional strategies.

I am a good problem solver and work well with students who are at risk or have special behavioral needs. I have set up a program called "Lightning Club" for these and YIC students that encourage quality work and assist with adult mentoring to help them feel successful at school. I am insightful and try to think things through before reacting in difficult situations. I am continually working on developing communication skills and recently completed training in "Critical Conversations", which I use when problems arise. I have exceptional organizational skills, but am able to adapt to changes and adjust to other's ideas in order to best meet the needs of the students and the community.
